Colorado Springs, Colo.

Battle Lines Formed Among Steel Workers

PITTSBURGH (AP) - Battle lines were forming today in a power struggle for control of the

big United Steelworkers Union. I. W. Abel, USW secretarytreasurer, virtually unknown to the general public, announced here he'll try to wrest the union presidency from David J. McDonald in the union election Feb. 12.

Within hours, three powerful USW district directors in Ohio tossed their support to Abel. Observers believe other support for Abel will be forthcoming.

There had been rumors of a

split brewing in the USW lead-The Pittsburgh Post-Gazette quoted unidentified sources in he union as saying that opposiion to McDonald stems from what they call his lack of communication with the rank-andfile of the million-member unon. Local officers reportedly claimed they have been unable laim edthey have been unable

to meet with McDonald to discuss problems. Twice within about a year, out-of-town steelworkers picketed the union's international

offices in downtown Pittsburgh. The Ohio support for Abel, of Magnolia, Ohio, came from three districts that contain about 90,000 of the state's 135. 000 USW members.

Paul Schremp, director of the Cleveland area district, said h 17-member staff has voted unanimously to back Abel. Schremp said they followed his recommendation.

In Canton, director John S. Johns said his staff took the same action under his direction. Paul Rusen director of the Steubenville district, said his district has lined up behind

McDonald said of Abel's candidacy, "It did not come totally as a surprise...After all, this seems to be the season for such antics

ware of any dissatisfaction in he union. He pointed to benefits he said his leadership had prought to the union Abel issued a statement saying he and others seeking union posts intend to see that the USW

remains "a great union, owed

by and responsible to the will of

the membership." He declined

McDonald said he was una-

to elaborate. 5 USW will reopen contract talks It's generally believed the with the basic steel industry next year. The current contract contains such a reopening clause. At this point, it's anyone's guess what effect the uion leadership fight will have on future dealings with the compa-

> McDonald, 61, took over as president in 1952 upon the death of Philip Murray, founder and first president of the USW. His only opposition for office

came in 1957 when Donald C. Rarick, a millworker from == nearby McKeesport, took a crack at the presidency as the leader of a group unhappy with a \$2 increase in monthly dues. Rarick polled about a third of the votes Abel, 56, has been secretary-

treasurer since McDonald be-

Johnson Says Republicans Have Part, Too

dent Johnson says he is very proud of the work done in his administration by many Repubicans and he thinks the GOP has a vital role to play in the American system.

In an exclusive, Interview today in U.S. News & World Report, the President was asked how he viewed the Republican party's present role.

"I certainly feel that the Republican party has an important and vital role to fill in our system and in the making of our national policies.

"I am very proud of the contributions made to the administration by so many outstanding good Republicans and good Americans, such as Secretaries McNamara and Dillon (Secre tary of Defense Robert S. Mc-Namara and Secretary of the Treasury Douglas Dillon), CIA Director John McCone, Specia Assistant for National Security Affairs McGeorge Bundy, and distinguished Republican busi ness-community leaders such a John McCloy and Robert Ander

campaign to have the active support of four former members of the Cabinet under President

"I anticipate that some of those Republicans who supported us during the campaign will resume an active role in leading the Republican party on a constructive course to maintain the bipartisanship in gov ernment which is so essential to America's success in all fields.

Asked how he interpreted the vote in last Tuesday's election he said, "I believe the mandate is for responsible, constructive and progressive programs to meet the problems of America's agenda.

As for his wide margin of victory, he said, "I believe it will strengthen the country's . . . America's role and Big selection—Low prices influence for peace and freedom in the times to come will be strengthened by the unity and agreement demonstrated by our

Ever striving for the Pikes Peak Region to be an even better place to live

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a po buical grant from government. Freedom is neither license no anarchy. It is self-control, no more, no less. It must be con sistent with the truths expressed in such great moral guides as the Golden Rule and the Declaration of Independence.

a sporting proposition

Take a no-obligation test drive in a 1965 Ford. Maybe you just couldn't believe the ad (reprinted above) which appeared in this paper a few weeks ago. After all, many consider Rolls-Royce to be one of the world's finest cars. But Ford does ride quieter. The world's leading acoustical experts (Bolt, Beranek and Newman, Inc.) made the tests. The U.S.

Auto Club certified the results.

This year's Ford has the strongest body ever . . . a revolutionary new frame that "tunes out" vibrations . . . new ultrasoft coil-spring suspensions - all contributing to the new hushed ride. But the ride is only part of what's new.

Atom Bomb Costs Reported Boosted

WASHINGTON (AP) - The Atomic Energy Commission reports that costs of developing and manufacturing atomic weapons have increased since the limited nuclear test-ban treaty went into effect.

The AEC said Monday this was mainly a result of costs related to the safeguards in connection with the test-ban treaty, referring to "increased underground testing, maintenance of weapons laboratories, and developing a readiness capability for the conduct of atmospheric tests.

It said weapons development and fabrication costs in the scal year that ended last June 30 were \$305 million - or 15 per ent above the cost for the pre-

Belgian Foreign Minister Paul time to answer. He dismissed talk of any final agreement in

U.S. officials conceded today that the vigorous campaign against the multilateral nuclear force - MLF - recently Charles de Gaulle has badly tangled an already complicated

But the real reason for delay now is the fact that Britain's new Labor government needs some time to develop NATO nuclear plans of its own.

The Labor party has advocated that Britain get out of the nuclear weapons field entirely and rely primarily on the power of the United States for protec

#### Over age 50? How about YOUR life insurance.

The 50's bring new dimensions to life and to a man's need for life insurance. The children have grown up, retirement is not far away and the tax people are getting interested in your estate.

You need a lifetime income for your wife-a requirement that is emphasized by the life expectancy tables and the three out of five chance that

Age 65 for most men brings retiremen

The ideal solution to all these problems is Life

Insurance, guaranteeing immediate cash or lifetime income depending on the need. Talk to the Man from Manufacturers. You'll find him especially helpful in measuring your present insurance against these "new dimen-
